Proposal1:

The screenshot shows a web browser window displaying a Freelancer proposal page. The URL in the address bar is freelancer.com/projects/python/Kalman-filter-using-Python/proposals. The page header includes the Freelancer logo, navigation links (Browse, Manage, Groups), a 'Post a Project' button, and a user profile for @sidrak2019 with a balance of \$0.00 USD.

The main heading of the project is 'Kalman filter using Python', with an 'Open' button. Below this, there are tabs for 'Details' and 'Proposals'. The 'Proposals' tab is active, showing 'Your Proposal' with the text: 'You are ranked 5 out of 5 proposals.'

The proposal details include a profile picture of Sidra K. (@sidrak2019) and a bid amount of \$25.00 CAD, with a note 'in 7 days'. The proposal text reads: 'I am a workaholic and skilled enough to carry out all your projects successfully. Talking about experience, I have 2 years of working experience with client's satisfaction. I am pretty much detail oriented, organized and an efficient freelancer. I have ensured that all my previous works are done efficiently, accurately and most importantly, timely. I am glad to let you know that I am punctual and honest in my profession. You may check out the feedbacks given by my 100% satisfied client's. If I have been able to convince you enough with my skills and services, please do contact me. I can assure you of my enthusiasm, honesty and hard work. I am looking forward to be a part of your team. Thank you'. At the bottom of the proposal, there are 'Retract' and 'Edit' buttons.

On the right sidebar, there is a table showing bid statistics: 'Bids' (5) and 'Avg bid' (\$36.00 CAD). Below this is a 'Sponsor My Bid' section with a price of \$4.99 USD and an 'Upgrade' button. The text explains: 'Pin your bid on top of the bid list for the clients to see immediately. Each project only allows one sponsored bid, which means that it is on a first come, first served basis.'
